## Coatings

### Duration Home® Interior Latex Coating

- Excellent durability and washability
- Most stains wipe clean with water
- Great for active homes
- Available in matte, satin and semi-gloss.
- Available in 1 qt., 1 gal. and 5 gal.

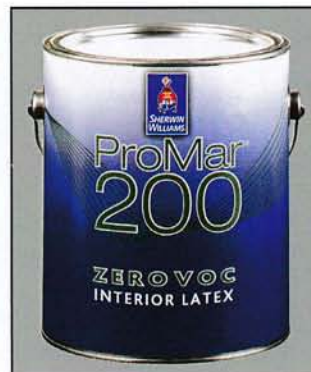

### ProClassic® Waterborne Interior Acrylic Enamel

- Low VOC
- Super adhesion, block resistance and sandability, making it ideal for windows, doors, cabinets and high-traffic areas.
- Available in Satin, Semi-Gloss, Gloss and High-Gloss.
- Available in qts., 1 gal. and 5 gal.

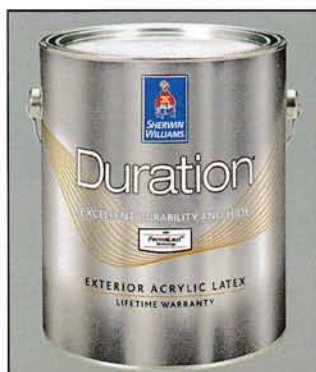

### SuperPaint® Interior Latex

- Easy application and great hide
- Excellent choice for major color changes
- Consistent, uniform finish across a wide variety of surfaces
- Available in flat, satin and semi-gloss
- Available in 1 gal. and 5 gal.

### ProMar 200 Zero VOC

- Exceptional durability, easy application and excellent hide.
- Anti-microbial agents inhibit the growth of mold and mildew on the paint surface
- Available in Flat, Low Sheen, Eg-Shel and Semi-Gloss
- Outstanding touchup reduces repaint costs
- Zero VOCs meets the most stringent environmental requirements.
- Available in all colors - including deep, vivid accents

### Duration Exterior Latex Coating

- Our most advanced exterior formula.
- One-coat, self-priming performance on repaints, two coats on new work.
- Superior hide.
- Backed by a lifetime limited warranty
- Thicker, more flexible coating for maximum resistance to blistering and peeling
- Available in Flat, Satin and Gloss
- Available in 1 gal. and 5 gal.

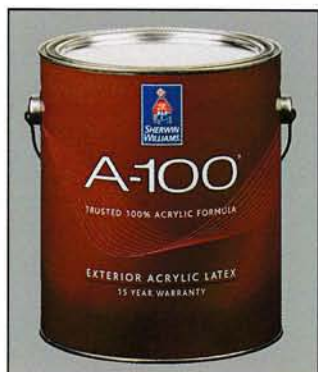

### SuperPaint® Exterior Latex

- 100% acrylic formula with outstanding adhesion, hide, color retention and durability
- Contains VinySafe® Technology allowing you to paint darker colors on vinyl siding without worrying about warping or buckling
- Performs in temperatures as low as 35 degrees F
- Available in Flat, Satin, Gloss and High Gloss
- Available in qts., 1 gal. and 5 gal

### A-100 Exterior Latex

- Proven performer with good hide, adhesion and color retention
- Efficient coverage and great for routine color changes
- Low temperature application down to 35°F
- Available in flat, satin, low sheen and gloss - plus alkyd and latex primers
- Backed by a 15-year limited warranty

## Concrete & Masonry

### Loxon XP

- High-build exterior masonry coating that can be applied directly to fresh concrete.
- May be applied to a surface with a pH of up to 13.
- Covers in one less coat. No primer needed.
- Superior resistance to wind-driven rain in just two coats.
- Recommended for tilt-up, precast or poured-in-place concrete.
- Available in 1 gal. and 5 gal.

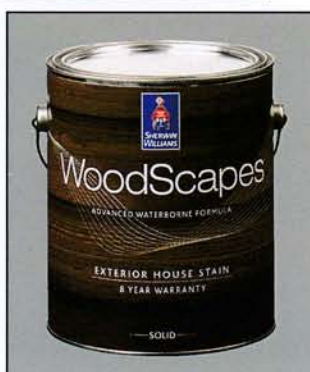

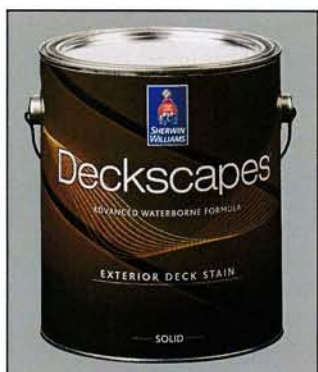

### SherLastic Elastomeric Coating

- Flexible, 100% acrylic elastomeric formula helps bridge hairline cracks and eliminates pinholes. Meets a wide range of job specifications
- Prevents water damage on interior surfaces by protecting exterior concrete and masonry surfaces against wind-driven rain
- Meets the most stringent VOC regulations

## Deck & Wood

### DeckScapes® Exterior Acrylic Solid Color Deck Stain

- Provides a long lasting, mildew resistant coating for protecting most horizontal exterior wood surfaces.
- Can be applied to damp surfaces, allowing surfaces to be prepped and stained in one day.
- Use on wood: decks, steps, rails, spindles, patios, walkways, pool decks, outdoor wood furniture.
- Available in 1 gal. and 5 gal.

### WoodScapes Acrylic Solid Color Stain

- Long term color retention and weather resistance.
- Excellent penetration, protection for most exterior vertical wood surfaces.
- Resists mildew.
- Available in 1 gal. and 5 gal.
